Dear Andrew,

I'm glad to hear that you will visit Taiwan in mid-June. As soon as you arrive at the airport, you can call me and then I will pick you up immediately.

During traveling in Taiwan, I will introduce something special for you. I also bring you to my hometown, Nantou, locating in the mid-Taiwan without any sea around there. When it comes to Nantou, Sunmoon lake is the most attractive place for visitors around the world. We can rent bikes to do bicycling around the lake. In the course of riding bicycles, we can enjoy the beautiful sceneries and fresh air. Sun moon lake is the great place to release your stress.

After visiting the lake, it's time to eat. We can go to the famous night market, called Foun Jia night market in Taichung. There are many tasty foods, including stinky tofu, milk tea, and pig-blood cakes. The most joyful thing is that the prices there are much reasonable. If you want to experience night life in Taiwan, night markets are your best choice.

I'm looking forward ^{to} your visiting and enjoy your time when traveling in Taiwan.

Sincerely,

Stacy
