Dear Andrew,

Yesterday, you told me that you will have a trip in Taiwan for a week.

I was so excited while hearing it because I cannot help being your tour guide to share the awesome attractions in Taiwan with you. As your good friend, I will tell you all my favorite attractions in Taiwan.

First, we can go to a town located in the middle of Taiwan, Ji Ji.

Having visited there, I love there very much. Therefore, I believe you will fall in love with that small town, too. The reason why I recommend

there is that the train station is historical. We can take a lot of pictures with the old trains and even the real railroad. What's more, we can rent

the bikes to wander in Ji Ji. There is a route only for bikes. Riding along with the route, we can see various of the views. The most beautiful

one is a garden with many colorful flowers blooming. Were it not for my classmates, I couldn't know where it is. As a result, being your

sweet tour guide, I will introduce the places which seldom people know for you. After riding the bikes, we can eat the delicious food, fried banana, sold

in front of the train station. After tasting it, I believe you will want to come back to this town again. After I introduce Ji Ji for you, do

you expect to visit Taiwan now? Actually, I anticipate for the day you come to Taiwan. Please contact me when you arrive in Taiwan.

Sincerely,

Stacy
